

A Poultry Farmer's Guide to FSA Loans

Are you considering borrowing money for your poultry farm?

If you are interested in borrowing money to finance your poultry operation, often the Farm Service Agency (FSA) is the best option for you. FSA has many credit programs available to help farmers finance their farm.

However, the process of applying for FSA funds can be confusing. You may find yourself with questions, but not knowing who to ask. Our workshop is designed to help you answer the questions you may have about the FSA loan process. Anyone interested in FSA financing for poultry farming is welcome to attend.
