

NC STATE EXTENSION

SAFE MILK HANDLING

&

HUSBANDRY OF THE FAMILY DAIRY COW

June 18, 6:30 - 8:00pm

**[click here to sign up for the
Family Dairy Cow Webinar](#)**

The current pandemic has certainly caused a change in the way we look at our food, where it comes from and how it gets to us. While our efforts to tend a garden may be a little frustrating at first, vegetables are pretty resilient. Milking a cow is a whole different venture! To help you decide if owning a dairy cow is a good choice for you and your family and help you get ready if the answer is “yes”, your Cooperative Extension Area Specialized Dairy Agents, Marti Day and Ashley Robbins, will present a webinar with the basics of dairy cow husbandry and safe milk handling practices. See you on the 18th!!
